The charge for any emails over your monthly plan is at 0.04 cents per email

(EXAMPLE: You have a 1000 emails a month plan. You sent 1100.00. That is over 100 email plan. 100 X 4 cent = 4.00 additional to be charged.)

A one time \$100.00 account setup fee will be charged along with your first month's service.

Logistics:

You will have access to the software and server via a web connection. This connection will allow you to upload, manage, and delete email messages, email lists, and campaigns broadcasted.

Absolute Customer Solutions will maintain the bandwidth connection and all hardware components at no additional cost to you.

List Management:

Absolute Today will provide you with an opt out link for your email messages, and maintain the opt out option for your campaign. We honor all opt out requests and do not send any additional advertisements to these emails per your request.

Targeted Email Lease Lists:

If you provide us with a target demographic, Absolute Customer Solutions will select the email addresses based on your specifications and compile a complete opt in email list. We can fill any needs and requests, whether you are looking for a business or consumer list—and we can further narrow the demographic based on geographic location, age, gender and even professional title.

Absolute Customer Solutions will then upload the assembled e-mail address list into your account—taking care of all the work, which means that you are ready to deploy e-mail marketing campaigns at your earliest convenience. Targeted email lease lists start at \$100.00 per month in addition to your monthly package.
